New Regime Wants To Get In League At Once And To Save Kaiser If They Can.

(By Associated Press)  
Berlin, Friday, June 20—Mathias Erzberger, mentioned as the probable head of the new German peace delegation is reported to have sent a note to Clemenceau as president of the peace conference asking whether the allies will agree to immediate admission of Germany to the League of Nations. He also desires to know if the powers will consent to limiting Germany's indemnity to a hundred billion gold marks and renounce all efforts to have the former Kaiser surrendered. The note does not say whether Germany will sign the peace treaty but the inference seems clear she would accept if these concessions are made.

## Gompers Re-elected

What is perhaps the most powerful motor truck ever exhibited in Madison county was shown here Saturday by the Richmond Motor Company. It is a Nash truck and was purchased by Kellogg & Company. It is one of the same type that the government purchased for use in the war buying \$37,000,000 worth of them. The tires are pneumatic, something unusual for such a size machine. They are 40x8 in the rear and 36x6 in front, and are said to be puncture proof. Kellogg sent up a load of groceries, etc., to Berea in the machine that weighed 3,800 pounds Friday.

## ATTITUDE TOWARD MEXICO CHANGED

(By Associated Press)  
Washington, June 21—A punitive expedition of adequate strength will be thrown across the border into Mexico the moment official word is received that Villa is making reprisals against Americans for the Juarez incident it is stated on positive authority here today. Recent developments on the border and within Mexico itself, have brought about a radical change in the attitude of the United States toward Mexico and substituted "watchful preparedness" for "watchful waiting." Any other contingency tending to bring the Mexican situation to a stage approaching the crisis of last Sunday would result in War Department orders for an American column to advance and occupy territory necessary to insure the safety of the expedition. Its further movement would depend upon developments.

## Coming of "Woman"

### Arousing Much Interest

Less than ten years ago, when the barefoot dancers were shocking audiences almost into insensibility (and consequently filling every theatre in which they appeared), somebody prophesied "that the time will come when they will show mother Eve on the stage." Well, that time is here. She will be visible Monday and Tuesday at the Opera House. Again the films have accomplished what the speaking stage could not. The Mother of us all sprouts from Adam's rib in a cozy little cave, just built for two, apparently and such doings they are in the garden of Eden as only a motion picture director could dream of. Adam is a nice baboon, orang, presumably, but Eve—well, no wonder that the lions, panthers, leopards, and things hung around the entrance of the first bungalow.

One day she went out for a prance along the best lined palm avenue of Eden and flirted with a huge python neatly coiled from a tree and presumably anxious to converse with somebody. He dared her to pick an apple and make Adam eat some of it. Eve it seems, couldn't take a dare. He ate and thus began the eternal triangle of the drama. No more cozy stone bungalow. Zip Zowie! The camera records many things and when Adam and Eve stop running, Eden has become but memory and the unhappy pair find themselves wandering around a place that looks like the Grand Canon. Maurice Tourneur who made this picture, calls it "Woman." Eve's antics in Eden are just one episode in the whole story and she does the part for years.

## BUILDING BOOM ON IN RICHMOND

Many Homes To Be Built and Activity Is Growing In Sales of Lots

Richmond is on a building boom, and there can be no exact estimate made of the number of new houses that are in process of construction or for which plans have been drawn and contracts let. Desirable lots are very hard to find. Sales of houses and lots have been numerous. Shelby Hamilton bought this week through H. C. James, real estate dealer, the nice house and lot he has been living in on Broadway, from President T. J. Coates, for \$3,000. ## BIG DAY AT VALLEY VIEW SUNDAY

Valley View, June 21. Evangelist DeGarmo preached last night on the subject: "Is God the father of sinners." The text was: "As many as receive him, gave him power to become sons of God, even to them that believe on his name." Jo. 1:12. In connection with this text he used many proof text. He proved that God is not the father of sinners; but that we become sons by adoption through faith in Christ, Gal. 4:4-7; Gal. 3:3-6. Christ was begotten of spirit and born of woman; we are begotten of the word and born of the spirit. If a man is a son of God before he is born again or becomes; what relation is he afterwards?

If men are already sons of God, why does God promise in the text to give them the right to become the sons of God. Jesus told the self-righteous Pharisees, "Ye are of your father the devil and the lust of your father ye will do." Jo. 8:44. Some people say that God is the father of everybody because he created them. According to such logic he is the father of the hog, dog and frog because he made them; how do you like your kinkfolk? Also if you make a clock or a wagon you are the daddy of it because you made it; such logic is false. When men become children of God by adoption, through Christ, they are no more lost; "if children then heirs, heirs of God and joint heirs with Jesus Christ." Rom. 8:14-17. Evangelist DeGarmo is spending today with his family in Georgetown and singer Elsey, with his family in Lexington. Messrs. Stanifer, Cook, Taylor and Mrs. Taylor, of Richmond, and Dr. Robert Daugherty, of Nicholasville, were visitors last night. There will be services at 11 a. m. at 3:30 p. m. and 8:30 p. m. Sunday. The afternoon service at 3:30 will be for men only. All men are urged to be present. Those from a distance can come in cars, bring lunch and dine on the banks of the Kentucky river and attend all three services. Sunday is expected to be the greatest day this town has ever seen.
